Index of School Enumeration Records for Lake County, Indiana
1880 - 1931

The school enumeration records were mandated by state law. The School Law Act was approved March 6, 1865 at the Forty-Third Regular Session of the General Assembly. The Act provided for a general system of Common Schools, or public schools. Provisions were made for incorporated cities/towns and townships. The law was very specific, for the compilation of records was the duty of the School Trustee or Township Trustee. The records were used in pro-rating revenues from the "Congressional Township School Fund." Amendments to the School Law in March 7, 1873 included both white and colored children being recorded in the enumeration. School enumeration records were kept until 1932. These ceased with implementation of "average daily attendance" statistics submitted to the State Board of Education.

These school enumeration records would identify the family name, the parent/guardian and the sex of the students. In later years, the childrens names and birthdates would be included. This is invaluable information for a researcher.

Indexing the School Enumeration Records for select townships in Lake County for the years 1880-1931 was a project initiated by the CRIMP Project (County Records of Indiana Microfilm Project) announcement that it was scheduled to begin in Northwest Indiana sometime in the early 1990s. Since the school enumeration records are public records and should be housed at the State Archives, there was a sense of urgency in compiling an index before Lake County Public Library would have to give up these records and send them to the Commissioner of Public Records.

The index compiled was made possible by an Indiana Heritage Research Grant. It is alphabetical by family name identifying the township/city, year and page number of the record cited. With this information, a researcher is able to request a specific microfilm (when it is eventually filmed) or a page copied. The index includes the following:

Crown Point - Center Township: 1880-1894, 1896-1907, 1915-1916, 1919-1920, 1923-1924, 1926-1927, and 1932.

Center Township: 1880-1886, 1888-1894, 1896-1899, 1906-1908, 1915-1917, and 1919.

Hobart: 1880-1884, 1886-1888, 1890-1895, 1897, 1899, 1901, 1906-1909.

Hobart Township: 1910.

Hobart School: 1896-1900.

Ross Township: 1881-1883, 1885, 1887-1894, 1896-1897, 1899-1901, 1906, 1908, and 1909.

The index will be housed at Lake County Public Library. Please address inquiries to the Indiana Librarian, Reference Department.
